

***JM Environmental “Wild West Shootout – Money Talks 150
presented by Big Valley Sanitation”
July 26-27, 2024***

We wanted to get this information out early regarding the SPEARS Southwest Tour Series and Spears Manufacturing Modified Series event at Redwood Acres Raceway, in Eureka, CA. The SRL has not been to Redwood Acres Raceway since 2016, but it has always been a place that is always worth the tow, with an old school feel, along the coast with the average high in July of 67 degrees.

Event Information:

- 1) **Gate Times** - This event will feature the SPEARS Southwest Tour Series and Spears Manufacturing Modified Series, Friday Pit Gate at 3pm, practice 4:30pm to 8pm, Saturday Pit Gates at 10am.
- 2) **SLM Prize Money** - This race will be part of the ‘JM Environmental Wildwest Shootout’ and will have added support from the Steve Schmitt Family at Big Valley Sanitation to allow the SPEARS Southwest Tour Series race to pay \$15,000 to win.
- 3) **Tires** – With Hoosier unable to service this event, the race will utilize the American Racer AR153 (The same tire the ‘SRL National’ has used at ‘The Rattler’, at Mobile and the Bigley) for the Super Late Models. The Spears Manufacturing Modified Series will use the American Racer 970 for the event. Tires may be ordered through the SRL at any time prior to the race – leaving a set of wheels and picking up practice tires at or before the June 29th race at Kern is highly recommended.
- 4) **Testing** – Due to the distance for most teams to get to Redwood Acres Raceway, there will no private SPEARS Southwest Tour Series testing allowed prior to the event.
- 5) **Flights** – There are commercial flights available into the Arcata Airport out of Burbank.
- 6) **Hotel Information** - Don’t wait to make your reservation as the cool weather and the area draws tourist this time of year.
